

Product 272020

272020 Passive holder with tilt swivel

The choice for you who want to have your device within easy reach, attached onto a ProClip instead of on the windshield suction mount. You can easily take the device with you when leaving the vehicle. The holder is equipped with a tilt swivel so it can be adjusted in order to avoid light reflection on the screen. Attach onto ProClip Mounting Platform.

EAN: 7320282720209

INSTALLATION INSTRUCTIONS

1.

2.

3.

4.

Please read all of the instructions and look at the pictures before attaching the holder.

1. Loosen the screw in the center of the holder so you can remove the attaching part on the back.

2. Place the attaching part on desired position. Screw the attaching part into place with the enclosed screws. Place the holder over the attaching part. Screw the holder onto the attaching part.

3. To place the device in the holder: Place the lower part of the device in the holder, then flip/press the upper part forwards so it snaps into place in the holder.

To remove the device from the holder: Press upwards on the upper part of the holder, in the same time pull the upper part of the device out from the holder and then lift the device up and out from the holder.

4. The holder is in place.
